News

Even though the Week 11 bully wasn't posted until after last week's matches had occurred, Teams 2 and 6 didn't have to read it in print to realize that teams had to start making a move or they'd fall behind the 1st half playoff teams of Team 4 and 9. Team 2 took on the 1st place team 4 and beat them soundly 40.5 to 31.5 moving them into 2nd place and only a half point behind the new leader Team 6. Team 2 needs to thank Jim Paiva for subbing this week as he led the C squad to 12.5 points in beating up on Wilusz and Huggins. It was later discovered that Jim's 46 was his best round of the year leaving his Team 5 Captain, Mark Zingarelli to wonder "Why doesn't Jim play this well during the weeks that he plays for my team?" He quickly realized that it must be because Jim has Mark as a partner each week!

And Team 6 had a great opportunity this week as they played the 2nd place Team 9. They took full advantage by taking 41 points from Team 9 led by the 14-4 thumping of Brereton and Cirillo by Tom Powden. Although Team 9's Captain Dandrea is playing to form, the talk around the league is that their group B players are already tanking to increase their handicaps having already sewn up the 1st half. This actually doesn't make sense as they were in 2nd place and have a chance to win both halves. The victories by Teams 6 and 2 also brought others into the fold and with 6 weeks left in the half it is still anybody's game.

Team 8 is hoping to climb into contention but their D player Bob Latourette can't do it alone. Bob destroyed the Team 7D team, single handedly taking 13 points against the lower half of the management mafia Association (MMA) of Macksoud and Griffin (MMA Ret.). The rest of Team 8 was on the losing end of their matches.

Team 1 is also trying to stick around led by the ever improving Steve Codyer. He and his partner Steve Fanning took 11.5 points as Codyer shot a 39 this week and continues to move closer to his goal of being a single digit handicap for 18 holes by the end of the season. Unfortunately, like Team 8, his was the only group on his team to win their match.

Nick Decibus shot a 49 for the second straight week and took 12 points with his partner Jay Snoke in trying to help his Team 3 move into contention. This may have been the first win for Team 3 all year! Unfortunately they still are in the basement but if they can go on a run of victories, they could position themselves in a top spot by the end of the season.

Our newest regular member, Aaron Clarke got his introduction into the league by being accused of being a sandbagger on the 1st tee after he mentioned that our Prez issued him a 17 handicap for 9 holes and then proceeded to launch a drive straight down the middle that possibly was the longest drive on the 1st hole this season. At the end of the day, he shot a 59 so we will back off on the sandbagger comments.....but we will be watching!

Notes:

Captains should e-mail the handicapper, Pete Michno, no later than 1100 Wednesday to give their line-ups. However, I'm sure the handicapper would appreciate Captains providing the line-ups earlier if you have them set. 1100 on Wednesday should be the exception, not the rule.

Captains should inform all retirees and non-NUWC members on their teams to use the website for all League information.

Please pay attention to the rules of scoring matches when there is a Noah. Remember that the matches are one on one and the tick marks for handicaps need to be adjusted accordingly for each individual match. The league officers have listed this in the rules and the daily blast has mentioned this numerous times, even including examples of how to score and also suggesting that you go into the clubhouse, get two more cards and keep two scorecards, one for each match, so you won't be confused. A league officer had to explain how to score.....again.....to someone on the first hole who simply would not listen. If any league member was in earshot of that league officer, he humbly apologizes for the tone and volume of his outburst and for any profanity used.....On second thought.....the hell with it.....this isn't rocket science! Apology rescinded!

Pace of Play (Formerly Slow Play Watch):

The bully came out last week but I hope you read the Week 11 bully Pace of Play section before going out this week. Even if you are not a low handicapper and take a few more shots than some of the better players, you can implement many techniques described in that article.

Joke of the Week

Four men were getting ready to tee off on the first hole when a gentleman approached them and handed them a card. The card read "I am deaf and mute. May I please play through?"

One of the foursome says to the man, "Get out of here! You aren't fooling anyone!" and looks to others saying, "Geez, some people will do anything to move ahead!"

The gentleman who approached the foursome backs away and waits to hit until the group had hit their second shots towards the green. The foursome finally made it to the green and the man who had yelled at the deaf and mute man was lining up his putt when suddenly.....WHACK.....He got nailed in the back of his head by a golf ball and was knocked unconscious!

Several hours later, the man awoke in his hospital bed and the first thing he saw upon awakening was the deaf and mute man holding up four fingers!

Quote of the Week

"Golf! You hit down to make the ball go up. You swing left and the ball goes right. The lowest score wins. And on top of that, the winner buys the drinks. What a game!" - Anon
