## News

Team 3 is still holding on to the lead by only ½ a point. The first six teams are within 11 points and with 4 weeks to go it could come down to the wire once again. Team 5 doesn't look like they want to win it outright they have dropped due to the pressure more than likely. Time will tell the story as we wind down the season and get ready for the End of Year tourney.

The End of Year Tourney is coming up and we want to get a full sell off of all the tee times. Please try to get your foursomes in early and ask around if there are any others that would like to play a Private course that allows us to put on a great venue.

## Notes:

We have heard a few comments over the last few weeks that people have gone to the web page and chosen to sub for someone but then arrived at the course only to find that someone else had taken their spot. A check of the web page showed that the "someone else" was the actual name that chose to sub and not the person who made the comment. We believe that people may not be performing the final step in the "accept

sub" process by clicking the "Confirm" button. If this is not the case, please contact a league officer so we can check if there is a bug in the system.

The Webmaster has confirmed there is a Bug and he is in the Process of Fixing it. Should be fixed this week.

Captains should inform all retirees and non-NUWC members on their teams to use the website for all League information.

### **Slow Play Watch:**

Keep Playing with the thought of Rain People. Look for your Balls for a short period of Time. Think about what you want to do on the way to your ball. Talk on the Tees and the Greens not in the Fairway. Keep the pace moving and don't bunch up.

### **Joke of the Week**

#### **Corporate America**

The game of choice for unemployed people or maintenance level workers is basketball.

The game of choice for frontline workers is football.

The game of choice for middle management is tennis.

The game of choice for CEOs and executives is golf.

Conclusion: The higher up on the corporate ladder you are, the smaller your balls are

### **Quote of the Week**

Of all the hazards, fear is the worst.
