Dan Schwab had the round of the night and the 2nd half with a one over par 36 including 3 birdies! This will be tough to beat. Pete Michno's short-lived reign at the top of the A group low net was spoiled by Tony Caldwell who is now the new leader shooting a 40, net 29. Many grumbles at the 19th about an inflated handicap! Jin Lee takes over the B group lead with a net 31. And Sean Riccio joins the C group lead with a net 33.

News

Team 7 had a bye week but still remains on top. Team 9 made a big move into 2nd place and only 1 ½ points behind Team 7 as they benefitted from playing Team 8 who fell back into their losing ways. Actually Team 8 didn't play all that bad but team 9 came in with impressive rounds by nearly all of their players – even Riccio! Each of Team 9's groups scored at least 10.5 points and their B squad walked away with 14 points! We will see if Week 14 is the week that Teams 7 and 9 separate themselves from the rest of the pack or if they let other teams back into contention.

Our webmaster already dressed people down in the daily blast regarding slow play – and you know who you are – but it is worthy of repeating (haven't I been repeating this for the last 15 years or so?). We all know the league can be slow but falling two holes behind a group is simply unacceptable. It is unfair to all the others behind you. There were literally 16 people on the 8th hole – 4 on the green, the 4 who were waived up but didn't reach the green, the next foursome and the foursome behind them waiting on the tee. The difference in round completion between the earlier tee times and the later tee times was around 1 hour. It is tough enough to maintain sufficient numbers of

people to sustain the league and trying to get dedicated team players and subs to minimize Noahs. Causing delays like this turns people away from what should be an enjoyable experience. So the league officers plead with you to actually read the helpful hints to speed up play that we have provided over the years and more importantly, don't just read them – follow them! The Prez has already informed me of his dissatisfaction with his beleaguered officers in not doing enough to control this problem. To avoid further bullying from the Prez and to stay in his good favor, we may implement strict penalties to teams for slow play or bring in more league officers to patrol the course and identify and deport any slow golfer!

On another note – very disappointed with the beer cart this week!

Notes:

Captains should e-mail the handicapper, Pete Michno, no later than 1100 Wednesday to give their line-ups. However, I'm sure the handicapper would appreciate Captains providing the line-ups earlier if you have them set. 1100 on Wednesday should be the exception, not the rule.

Captains should inform all retirees and non-NUWC members on their teams to use the website for all League information.

Slow Play Watch:

You are on watch!

Joke of the Week

One golfer asked his friend, "Why did you get here so late for your tee time?" His friend replied, "It's Sunday. I had to toss a coin to decide between going to church or playing golf."

"Yes," continued the friend, "but that stills doesn't tell me why you are so late."

"Well," said the fellow, "It took over 25 tosses to get it right!"

Quote of the Week

"There are three ways to improve your golf game: 1. take lessons, 2. practice constantly or 3. start cheating." ~ Unknown

Golf Cartoon of the Week

"OK, fine! If that's the way you wanna play,
I'll make obnoxious gurgling sounds the
next time you're putting for birdie!"
