News

I wasn't there last week so this bully is probably close to what your weekly highlights state....."Nothing significant to report!"

Although on 2nd thought, something did catch my attention. There was no blood shed in the anticipated Team 9 vs. Team 7 match-up as they ended up tying 36-36. This week, Team 9 has a bye week and their Captain Hillenbrand, rather than just sit back and watch what happens with Team 7, decided to fill two sub spots on Team 3 this week who happens to be facing Team 7. Once again, Hillenbrand comes up with another devious scheme in an attempt to minimize any points that Team 7 will get this week. This is typical for Hillenbrand as in the past he has brought in subs with no known handicap, overinflated the stated handicap and then the sub shoots 7 over par! He is a bad man.....a very bad man! Well, let's see if his devious move backfires this week. I'm rooting for Team 7!

Please note that Sept. 7th is the make-up week for Week 2 (July 13th).

Also, we are getting ready for the End of Year Tournament which will be played at Ledgemont on 26 September. The league will be sending out an announcement with the details very soon so keep an eye out for it.

Oh yeah – Even with taking 41.5 points, Team 8 still sucks!

Notes:

Captains should e-mail the handicapper, Pete Michno, no later than 1100 Wednesday to give their line-ups. However, I'm sure the handicapper would appreciate Captains providing the line-ups earlier if you have them set. 1100 on Wednesday should be the exception, not the rule.

Captains should inform all retirees and non-NUWC members on their teams to use the website for all League information.

Slow Play Watch:

I was away last week. Hopefully there were no problems.

Joke of the Week

A few excerpts from The Golfer's Dictionary

Top - To hit the ball well above its centerline, causing it to hop or trickle a few feet forward. Topping the ball is a problem that usually afflicts only beginning golfers, and it is quickly left behind once a player has learned to master the hook, the slice, the shank and the airball.

Hook & Slice- To hit a shot that curves sharply left (hook) or right (slice), respectively. Players who do one or the other should consider changing the way they stand, hold the club, or swing. Players who do both should consider changing the way they spend their weekends.

Sand Trap - A deep depression filled with sand filled with golfers in a deep depression.

Hazard - A man-made obstacle on the course, either a bunker or a water hazard. It is against the rules for players to "ground" their clubs in a hazard, i.e., to allow the clubhead to touch the sand or water before making their shots. They may, however, bury their own head in their hands, strike their forehead with the base of their palms, shake their head vigorously from side to side (with or without their hand placed on their brow) and, if it does not delay the match, lightly and repeatedly tap their head against a tree.
