News

NEXT WEEK we are playing the back nine.

29 May - League Play Day on Back Nine

26 June - Day of 1st Half Playoffs - No League Play
(Trying to get a Mini Tourney for other players that week while the playoffs are going on if Course allows it.)

31 July - League Play Day on Back Nine

28 August - League Play Day on Back Nine

My fellow golfers we have had no Holes in one this week.

Tod Camara must really have not liked his partner last year (Michno), since Camara was finally spotted in the clubhouse after the round. He was nonexistent last year in the 19th hole.

A two on to one match turned into a two on to zero match, when Cliff Curtis needed to walk off the course after 6 holes. This shows the importance of trying to fill all the spots on your team. Due to the 6 free points that Pete Decoste's team picked up, it allowed him to trash talk about how many points his team took this week. Smoke and mirrors Pete, smoke and mirrors.

There were people questioning the handicap of a 16 handicapper shooting a 43, which was a net 27. Most of the questions were coming from the team that played against the person who shot a 43. This was a valid score and it has been counted.

John McNeil shot a very good round of 53, even with two 9s on the card

Gino's Shaw's Putter (see enclosed photo)
(Uses the new SHAWS absorption material to soften your Putts and make them roll Truer).

Notes:

I sound silly telling a bunch of engineers who I know all learned to count in kindergarten and how to score, but we have to address this issue which I've heard is running rampant. When you are putting and someone says to you "You can have that" Or "That's good" it doesn't mean they are counting your last stroke as going in! When someone says this to you it means you can count the next putt as good. Ergo you ALWAYS need to add 1 more stroke to your total for the hole.

We don't have a clean & place policy even in the fairway. We have a roll in your own fairway policy. Rolling of the ball in the fairway within a few inches is allowed using your club only. To be clear, the only place you can clean your ball is once it's on the green unless conditions are poor and you and your opponents agree before the round begins to clean and place where this only applies in the fairway. In the rough it is **NEVER** OK to fluff or clean & place a ball or to move it out of a divot. The rough is there to penalize you for not hitting the fairway. See the Etiquette and Local Rules @ http://ngloob.com/?page_id=340. If rainy or wet conditions exist, players will be notified if Lift-Clean-Place is in effect by the League President.

A reminder regarding drop situations. A good way to remember how many clubs you get in a drop situation is this: "1st one is free. The 2nd one you pay for." If you're getting free relief (e.g. cart path), you get one club length. If you're taking a penalty for something, you get 2 clubs. Remembering this will alleviate any kind of headache trying to remember how many clubs you get to use for your drop.

Captains should call/e-mail the handicapper, Pete Michno, no later than 1100 Thursday to give their line-ups. However, I'm sure the handicapper would appreciate Captains providing the line-ups earlier if you have them set. 1100 on Thursday should be the exception, not the rule.

Captains should inform all retirees and non-NUWC members on their teams to use the website for all League information.

Dues – All Paid.

Slow Play Watch:

Keep the Pace moving. Read the Rules for Tips. Use COMMON SENSE. Remember you are not alone out there and show the respect for the other Golfers out there who are waiting on Slow Play People.

Joke of the Week

Great Woman Golfer

Four lawyers in a law firm lived and died for their Saturday morning round of golf. It was their favorite moment of the week.

Then one of the lawyers was transferred to an office in another city. It wasn't quite the same without him.

A new woman lawyer joined their law firm. One day she overheard the remaining three talking about their golf round at the coffee table.

Curious, she spoke up, "You know, I used to play on my golf team in college and I was pretty good. Would you mind if I joined you next week?"

The three lawyers looked at each other. They were hesitant. Not one of them wanted to say 'yes', but she had them on the spot. Finally one man said it would be okay, but they would be starting pretty early at 6:30 am. He figured the early Tee-Time would discourage her immediately.

The woman said this might be a problem and asked if she could possibly be up to 15 minutes late. They rolled their eyes but said this would be okay. She smiled and said, "Good, then I'll be there either at 6:30 or 6:45."

She showed up right at 6:30 and wound up beating all three of them with an eye-opening 2-under par round. She was a fun and pleasant person the entire round. The guys were impressed! Back in the clubhouse they congratulated her and happily invited her back the next week. She smiled and said "Sure, I'll be here at 6:30 or 6:45."

The next week she again showed up at 6:30 Saturday morning. Only this time, she played left-handed. The three lawyers were incredulous as she still managed to beat them with an even par round despite playing with her off-hand. By now the guys were totally amazed, but wondered if she was just trying to make them look bad by beating them left-handed. They couldn't figure her out.

She was again very pleasant and didn't seem to be showing them up, but each man began to harbor a burning desire to beat her! In the third week they all had their game

faces on. But this week she was 15 minutes late! This had the guys irritable because each was determined to play the best round of golf of his life to beat her.

As they waited for her, they figured her late arrival was some petty gamesmanship on her part. Finally she showed up. This week the lady lawyer played right-handed which was a good thing since she narrowly beat all three of them. However she was so gracious and so complimentary of their strong play, it was hard to keep a grudge against her. This woman was a riddle no one could figure out!

Back in the clubhouse she had all three guys shaking their heads at her ability. They had a couple beers after their round which helped the conversation loosen up. Finally one of the men could contain his curiosity no longer. He asked her point blank, "How do you decide if you're going to golf right-handed or left-handed"

The lady blushed and grinned. She said, "That's easy. When my dad taught me to play golf, I learned I was ambidextrous. I have always had fun switching back and forth. Then when I met my husband in college and got married, I discovered he always sleeps in the nude. From then on I developed a silly habit. Right before I left in the morning for golf practice, I would pull the covers off him. If his you-know-what was pointing to the right, I golfed right-handed and if it was pointed to the left, I golfed left-handed. All the girls on the team thought this was hysterical."

Astonished at this bizarre information, one of the guys shot back, "But what if it's pointed straight up in the air"

She said, "Then I'm fifteen minutes late."

Quote of the Week

“Concentration comes out of a combination of confidence and hunger”

Arnold Palmer

Golf Cartoon of the Week

"Due to corporate cutbacks, we're all going to have to sacrifice. Which is why I'm only playing nine holes today, instead of my customary 18."
